

Termination of Website and Email Hosting Order

If you are prepared to terminate your hosting plan with Active DataComm®, please complete the following and bring, fax, or mail the completed order to us, at your convenience. This process is irreversible, so if you have any questions, please contact us before proceeding.

Please read and initial each section below, before signing, dating, and submitting this order.

_____ I understand that all hosted files, images, content, text, video, audio, databases, code, certificates, templates, and any and all other content and files will be deleted.

_____ I understand that all of the website-related services will become unavailable, unusable, and disabled completely.

_____ I understand that all of the email messages, folders, filters, forwarders, mailing lists, and any and all other email-related content and data will be deleted, and that related services will become unavailable, unusable, and disabled completely.

_____ I understand that it is my responsibility to ensure that terminating website and email hosting service will not have undesirable or damaging effects on any aspect of myself, and/or my business, organization, or concern.

_____ I understand that I am responsible for the transfer of any domain names I wish to keep, as domain names associated with the hosting account will be allowed to expire.

_____ I understand that this process is irreversible and permanent, and that no recovery of data, email messages, or other content will be possible.

_____ I understand that once this form is completed and submitted, that the website and hosting services will be terminated immediately, with the effects outlined above.

_____ I understand that I am responsible for any and all outstanding charges, including domain registration, website and email hosting, and other related charges, which will be prorated, where applicable, to the effective date of this termination.

_____ I have the authority to make this decision, and hereby order the termination of website and email hosting, domain name registration, and any and all related services.
